

Corporate End-to-End Solutions

As a corporate agency, you can count on us for solutions that enable you to deliver best-in-class travel procurement results.

Find the Right Product

The cornerstone of your business is securing the travel products your customers want. Our breadth of inventory, including content from over 400 airlines worldwide, gives you assurance that you'll find the right product for your clients. We offer the industry's best shopping and pricing capabilities, helping you find the lowest air fare more often than any other GDS*. Plus, our *Sabre® MyFares™* feature makes managing your private fares easier than ever.

But that's just the beginning. *Sabre® Hotels* offers more than 80,000 hotel properties. And our *Sabre® Rate Assured™* hotel certification program provides you with assurance that you'll find the best rates available anywhere, right here in the *Sabre®* GDS.

Process and Fulfill with Maximum Efficiency

Whether online or offline, we offer booking solutions designed to meet your needs. For corporate online booking, trust in *GetThere®*, the corporate booking tool used by the majority of the Fortune 200. For your agents, our desktop solutions — *Turbo Sabre®* and *MySabre™* — provide you with the flexibility and productivity enhancements you desire. And, with our latest version of *Sabre® Ticketing Assistant*, you can automate manual tasks and ensure your agency maximizes operating efficiency through the consistent application of ticketing, invoicing, quality control and streamlined service fee processes.

Combined with your expertise, *Sabre® Corporate Efficiency Formula™* provides a unique prescription for maximum efficiency. It's based on established best practices of some of the world's largest and most successful travel management companies. Our team of consultants will help you discover unrealized efficiencies to reduce your agency's costs.

Get more of what you need and better serve your business travelers with Sabre.

Better Serve Business Travelers

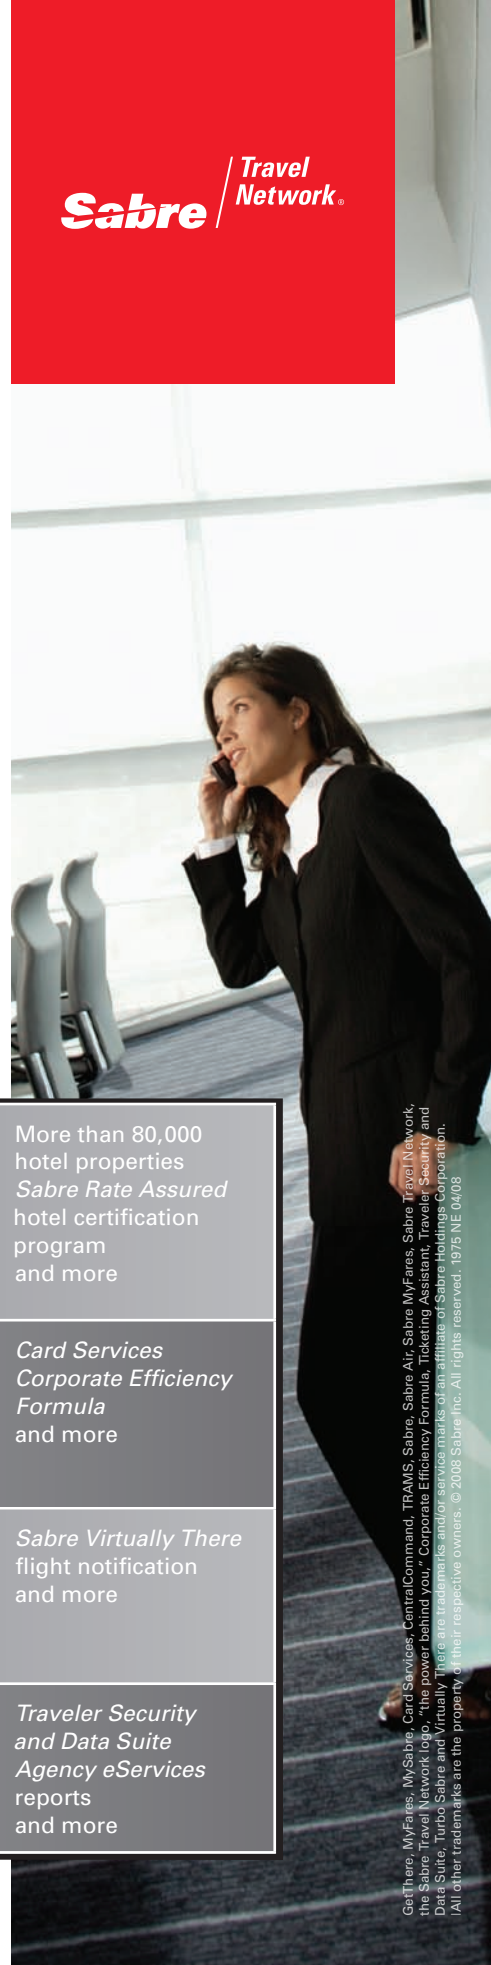

The latest version of *GetThere* combines an award-winning, easy-to-use interface with the most comprehensive policy management capabilities. *GetThere* drives greater online booking adoption and policy compliance to maximize the benefits of corporate managed travel programs.

Plus, our *Sabre® Virtually There®* Web site provides your clients even easier access to their itineraries 24/7. With *Virtually There*, your clients have the ability to download their itineraries to their personal calendars and register to receive up-to-the-minute gate updates and flight notifications from most wireless devices. And there are mobile services accessible via any web-enabled mobile device like TSA Security wait times, Mapquest® driving directions and maps, and sending itineraries directly from a mobile device rather than email. These advanced customer management tools help you better serve business travelers and build lasting relationships.

Expertly Manage

Our robust business intelligence tools allow you to expertly manage your business and ensure your customers get the most out of their managed travel programs. *Sabre® CentralCommand with Agresso* is the only Enterprise Resource Planning solution designed specifically for the travel industry, going beyond simple travel accounting to enable real-time business information for decision making. As the most advanced reporting suite in the industry, it allows you to produce complex, customized reports for your corporate customers, eliminating the need for third-party applications.

Plus, our *Traveler Security and Data Suite* enables agencies and corporate travel managers to quickly locate travelers worldwide. This easy-to-use, Web-based application allows secure access to pertinent travel information and delivers travel detail and notification of VIP flight thresholds. It also features scheduled and ad-hoc reporting capabilities. Access a corporation's top O&D, air bookings by status code, group opportunities and more.
