

USTRavel Selects Sabre Technology to Grow its Business

SOUTHLAKE, Texas – May 31, 2011 – USTRavel, a leading travel management company serving corporate and leisure travelers in Alaska and the Pacific Northwest, has signed a multi-year agreement with [Sabre Travel Network](#) to utilize Sabre's booking and travel technology services for all of its locations.

Under this new agreement, Sabre will become USTRavel's primary [travel technology](#) partner, providing the company with access to travel content from more than 400 airlines, 93,000 hotels, 24 car rental brands and 13 cruise lines via its global distribution system.

"It is clear that Sabre is building for the future," said Mark Eliason, president and CEO of USTRavel. "During the RFP process, we were able to learn about the benefits of using Sabre Red as well as the new products and capabilities that Sabre has in development. I was impressed with Sabre's forward-thinking strategies and their dedication to delivering the tools we need to grow USTRavel to the next level. They really understand our business."

In addition to GDS services, USTRavel will transition to the Sabre Red Workspace and benefit from a wide range of innovative products and services including Sabre CentralCommand with Agresso. CentralCommand is the industry's only fully integrated financial and back-office system designed specifically for the travel industry.

"We're thrilled to bring USTRavel onto the Sabre systems and we look forward to helping them reach their strategic goals," said Jay Jones, senior vice president of The Americas for Sabre Travel Network. "Sabre has a history of innovation and industry firsts. We are equally focused on meeting our customers' needs. Together, these priorities allow us to develop the best tools in the industry to solve the many challenges that our customers face."

USTRavel was recently ranked number 11 as a leading independent travel management company by Business Travel News and is recognized by Inc. 5000 as one of America's fastest growing privately owned enterprises. In addition to its corporate travel locations throughout Alaska and the Pacific Northwest, it has several subsidiary companies which offer specialized travel services in meetings, groups, adventure and vacation travel.
