

REDUCE COST WITH INNOVATION FROM GETTHERE!

GETTHERE VIRTUAL PAYMENTS PROCESSING

Managing a direct bill program can be very costly. Historically, resources are dedicated to manage the hotel payment process, including sending faxes and reconciling those charges post travel. Changes and cancellations are unavoidable which creates a real security issue when your ghost card is circulated electronically through hotel reservation systems and stored by canceled hotels.

Using *GetThere*® *Virtual Payments Processing*, you will reduce your costs by automating virtual card fulfillment in hotel reservations booked with *GetThere*, and leverage Conferma's best in class reconciliation tool to quickly match the booked hotel data with the actual hotel charges

HOW IT WORKS

GetThere Virtual Payments Processing is the industry's leading solution for automating your hotel direct bill program within your online booking tool.

For new bookings, *GetThere* will source the one time use virtual card from your master banking agreement and utilize the card number to not only sell the GDS hotel segment, but to send the secure payment information to the hotel via a secure, PCI compliant, fax.

When changes are made online, *GetThere* will automatically increase or reduce the funds associated to the hotel booking based on the charges needed. If the original hotel reservation is canceled, and a new reservation is made, *GetThere* voids the original card, and secures a new card, ensuring that the credit is assigned to the correct hotel.

If the traveler opts to cancel the reservation online, *GetThere* will void the virtual card, returning the funds to the bank to be re-used.

All of this is fully automated, works on both the desktop and mobile version of *GetThere*, and requires no intervention from your travel agency.

WHAT'S IN IT FOR YOU

REDUCE THE NEED FOR INTERVENTION when processing direct bill hotel transactions.

PROVIDE A SAFE AND SECURE PAYMENT OPTION for travelers who do not have a company credit card.

FACILITATE YOUR HOTEL DIRECT BILL TRANSACTIONS in *GetThere* which fully automates the hotel payment process by sourcing the one-time use card, selling the hotel segment in your preferred GDS with the virtual card, and automatically faxing the secure payment to the hotel.

MINIMIZE POST TRAVEL RECONCILIATION SUPPORT and intervention with Conferma's best-in-class reconciliation process which boasts a 98% match for all transactions.

HOW WILL YOU STAND OUT

PROVIDE YOUR TRAVELERS WHO DON'T HAVE A CORPORATE CARD, a secure and easy way to process their direct bill transactions.

ALLOWS TRAVELERS TO COMPLETE A DIRECT BILL TRANSACTION ONLINE, and provides payment instructions to the hotel immediately at time of booking, allowing for last minute travel reservations to occur without the need for agent intervention.
