

TECHNOLOGY THAT HELPS YOU SUCCEED

SABRE CORPORATE SOLUTIONS

Globalization. Consolidation and fragmentation.
Supplier merchandising. Mobility. Big data.
Consumerization and personalization. As your travel
buyer role grows increasingly complex, you need more
support than ever.

Sabre® Corporate Solutions is a portfolio of technologies and services that gives you more control over your managed travel program. Operate an efficient, vigilant and traveler-friendly program with foundational solutions like the *Sabre Red™ Workspace* and *GetThere®*, plus cutting-edge technologies like *TripCase® Corporate*, *TruTripSM* and more.

Sabre Corporate Solutions helps you maximize the value of your travel spend so you can turn business travel into business performance. We are uniquely positioned to help you:

- Find the delicate balance between running a cost-efficient, comprehensive program and delivering an exceptional traveler experience.
- Expand the scope of your program by reining in out-of-program activity, giving you a more accurate picture of total supplier spend and allowing you to pinpoint your travelers anywhere in the world at any time.

- Developer tools like web services and APIs.

SOLUTION SPOTLIGHT

GETTHERE

GetThere is a powerful platform for booking business travel and meetings. *GetThere* delivers a user-friendly, policy-wrapped experience across Web and mobile devices. *GetThere* also integrates with expense systems for an end-to-end experience. Millions of business travelers in 95 countries use *GetThere*. We help you streamline processes, improve supplier and contract management, and advance adoption, policy compliance and savings.

TRIPCASE CORPORATE

TripCase Corporate is the business travel version of our popular *TripCase* consumer mobile app used by millions globally. *TripCase Corporate* offers corporations a single itinerary management solution that streamlines company travel and keeps corporations and travelers connected. It also provides insight into the details of fragmented corporate travel.

TRUTRIP

TruTrip creates a single travel itinerary and syncs it across online, offline and mobile tools, allowing you and your TMC to address process gaps and challenges created by out-of-program bookings. Powered by an intelligent rules engine, *TruTrip* aggregates, normalizes and syncs travel data from a number of sources.

SABRE HOTEL RFP

Sabre Hotel RFP helps you efficiently solicit, negotiate, finalize and audit hotel room rates and amenities for your transient hotel program. Quickly and easily assemble RFP packages compliant with Global Business Travel Association (GBTA) standards. Source and map hotels in proximity to relevant travel destinations, deliver the RFP package, interactively negotiate rates and create final contracts. You'll streamline negotiations and save valuable time.

SABRE TRAVEL MARKETPLACE

Sabre Travel Network provides technology services to the travel industry. We operate the world's largest travel marketplace, connecting travel buyers and sellers. Our innovative technology connects more than 415,000 travel agents to more than 400 airlines, more than 125,000 hotel properties in 200 countries, 27 car rental brands, 50 rail providers and other global travel suppliers.
